THE WEEK IN PICTURES (OR SOME OF IT AT LEAST)

Bike Parade

Solar Ovens ... that worked

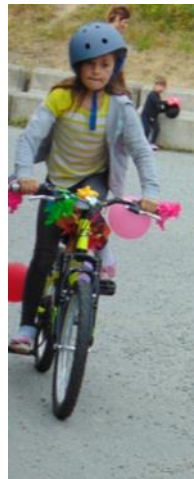

Coding with Lego Boost

Prepping for Indian Tacos

Eating Smores! (Solar Oven creation)

More riding!

And more!

Fun Day artist at work!

Fun Day ... the Locomotion!

Fun Day – Water Relay

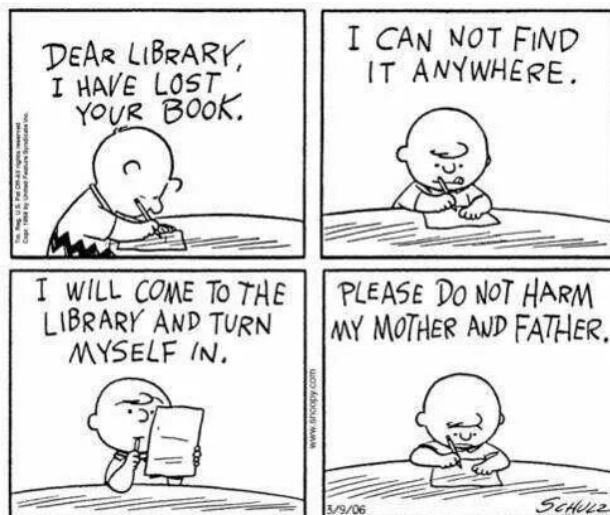

Weekly Update from Cinnabar Valley Elementary School

We had such a busy week! Classes that left the school for adventures had wonderful experiences and showed amazing cooperation and kindness. Not captured in the photos are the grade 7 events in Parksville and on Thursday evening at the school, and some of the off site adventures by other divisions.

LIBRARY BOOKS

We must have students who simply ADORE the books borrowed from the Learning Commons this year as we still have over 300 missing titles! Can you please encourage your bookworms to finish reading their selections and return the books to school? If they have fallen madly in love with a title and just cannot part with it, please pay the "lost book" fee as indicated on your slip.

LOST AND FOUND

Last call for checking the lost and found collection (which continues to get new additions on a daily basis!) Items not claimed will be bagged after school on Wednesday, June 27th and will be donated to charity on Friday, June 29th.

Your stuff misses YOU too.

Weekly Update from Cinnabar Valley Elementary School

Final Assembly – Wednesday June 27th, 10:00 am

Please join us for the final assembly of the year on Wednesday, June 27th. Will be recognizing people who have made contributions to the school in many ways, staff who will not be joining us in September, and most importantly, our Grade 7's who will be "Movin' On Up" to High School.

SPONGE RIGHT 2018 EDITION THURSDAY JUNE 28TH 1:40-2:15

Weather permitting; we will be finishing the year with our second annual water fight on the field! This looks like bins of water, hundreds of sponges and kids and adults running around getting wet and having fun.

We need help!

1. Parents to look after the water
2. Large Bins to hold the water
3. Hoses! (Hard to fill the buckets or bins without hoses)
4. A willingness to get wet!

The rules were easy last year – students/adults who went onto the field were inviting others to get them wet. Those that stayed up off the field were asking to watch, but not get wet.

We will have alternative activities for students not interested in this level of tomfoolery!

Please let me know if you want to help in any way.

Thursday June 28th is a regular day of school. Students will receive their Report Cards near the end of the day.

Friday June 29th is an Administrative Day – students do not attend.
